

**KRAMDEN
INSTITUTE INC.**

DONATION RECEIPT

This form serves as a receipt for equipment and money donated to the Kramden Institute. Kramden Institute is a 501(c)(3) charitable organization as determined by the U.S. Internal Revenue Service.

1. Please describe the equipment you are donating. If you need more room you may attached a separate sheet.

To be completed by donor

Quantity	Description	Est Value

2. Please consider making a financial contribution to Kramden.

At Kramden, our greatest need is for financial support to keep our refurbishing and outreach efforts going. By making a financial contribution, you help ensure that the equipment we receive will be quickly refurbished and awarded to a student in need in our community. You may donate cash or by check or by credit card.

I would like to make the following donation to Kramden:

- _____ \$10 to help offset Kramden's costs.
- _____ \$20 to help purchase replacement parts such as hard drives and memory.
- _____ \$50 to help provide one refurbished computer to a student in need.
- _____ \$100 to help provide two students in need with refurbished computers.
- _____ \$500 to help advance the efforts of Kramden Institute in our community.

3. Please provide your contact information.

Name: _____

Address: _____ City: _____ State/Zip: _____

Phone: _____ Email: _____

Employer: _____

Does your employer have a matching gift program for charities? Yes No I don't know

4. Review our policies and sign.

By donating equipment to Kramden Institute, Inc. (Kramden), the donor acknowledges that this is an unconditional donation and transfers to Kramden all rights for use of the equipment and any data that might be contained therein. Kramden will use the equipment as it sees fit with may include: refurbishment for educational and charitable purposes, use for spare parts, donation to a third party, scrap, recycling or sale to raise funds to support Kramden activities. While Kramden uses general procedures to reformat and/or wipe data from hard drives from all donated equipment, it cannot guarantee the removal of information from contributed computers and assumes no responsibility for the removal of any information from contributed computers.
