KRAMDEN INSTITUTE, INC.

Kramden Institute Inc. is a 501(c)(3) non-profit dedicated to empowering, hardworking yet economically disadvantaged, students to cross the digital divide. This is done by awarding thousands of PCs to students to be used to advance their academic and personal achievements. Kramden collects donated PCs, laptops, and peripherals; refurbishes the equipment; and awards the computers, thereby extending the useful life of electronics and reducing e-waste.

JOIN OUR TEAM...

Volunteer—join us at our weekly, monthly and other special events

Donate Equipment—personal and corporate donations; PCs, LCD Monitors, Laptops, etc.

Sponsor—a student computer recipient, a Geek-A-Thon®, or a corporate team-building event
