INSPIRE

ENCOURAGE

EDUCATE

RECYCLE

What is Our Mission?

To eliminate the Digital Divide in North Carolina one student and one computer at a time by awarding home personal computers to deserving students without one.

Who Do We Help?

We work with teachers, educators and schools to identify hardworking students in grades 3-12.

How Do We Do It?

We are a volunteer-based, 501(c)(3) community organization that works with local partners to recycle and refurbish used computers and award them directly to students.

How Can I Help?

How Can I Find Out More?

Easy! Go to www.kramden.org
Email: info@kramden.org
